AMBULANCE**

We are care

**AIR
AMBULANCE**

Since 1993

Based at Istanbul Atatürk Airport, our Citation Bravo Ultra is equipped with intensive care technology, offering fast and reliable medical transport in compliance with international standards.

ADVANCED MEDICAL EQUIPMENT

OUR AIRCRAFT INCLUDES:

Ventilator
Defibrillator
Patient Monitors
Infusion Pumps
Oxygen System
Fully equipped for intensive care during the entire flight.

GEOGRAPHICAL ADVANTAGE

SERVICE BASED AT ISTANBUL ATATÜRK AIRPORT

Our air ambulance service is based at Istanbul Atatürk Airport, strategically located at the crossroads of Europe, Asia, the Middle East, and Africa. This prime location allows us to provide rapid and efficient patient transfers worldwide.

This geographical advantage ensures that patient transports are conducted quickly, safely, and cost-effectively. Our central location enables us to deliver world-class services with unmatched speed and reliability.

EXPERT MEDICAL TEAM

PROFESSIONAL TEAM WITH INTERNATIONAL CERTIFICATIONS

Our medical team consists of highly trained doctors, paramedics, and healthcare professionals with internationally recognized certifications.

Key certifications include:

Basic Life Support (BLS)
Advanced Cardiovascular Life Support (ACLS)
Pediatric Advanced Life Support (PALS)
Pre-Hospital Trauma Life Support (PHTLS)

These qualifications ensure the highest level of care for our patients throughout the flight.
